# Read me: Circular Construction for Urban Development - Toolbox

The Excel files in the Circular Construction for Urban Development Toolbox contain macros that enhance functionality and automate various tasks. To fully utilise these features, macros must be enabled. Please follow the steps below:

1. Open the Excel File: Download and open the Excel file from a trusted location.

2. Unblock the File: Right-click on the file, select "Properties," and check the "Unblock" option if it appears. Click "Apply" and then "OK."

3. Enable Macros: When you open the file, you may see a security warning. Click "Enable Content" to allow the macros to run.

Important Notice: Enable Macros at Your Own Risk

While we strive to ensure that our macros are safe and functional, enabling macros can pose a security risk if the file comes from an untrusted source. We are not liable for any issues that may arise from enabling macros. Please ensure you trust the origin of this file before proceeding.
